

# SureShade RTX Pull-Out Shade

Get more sun protection with a **SureShade® RTX Pull-Out Shade** installed on your boat!

Featured on many new boat models, boaters can now get SureShade's **same factory-quality shade systems** as an aftermarket upgrade to new or existing models.

Their latest patented retractable sunshade system, **SureShade RTX**, operates with a simple push/pull mechanism to give you control over how much shade you want in the cockpit or bow of a boat.

- Ideal for boats under 27 feet (8 meters)
- DIY or dealer install options
- Install on hardtop, T-Top, arch or tower
